

RANGE EXTENSION TRW EPB CALIPER

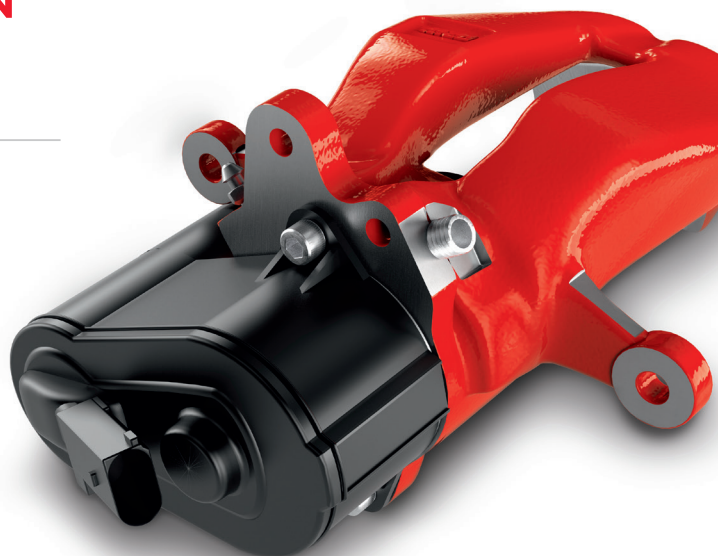

Workshops now have even more choice, thanks to the extended TRW True Original Electric Park Brake (EPB) range.

Offering a variety of innovative benefits, the EPB range has no hand brake lever or cables, allowing for greater freedom for interior styling and simplified installation. Meaning you can fit fast, first time. It's the right solution for you – and your customers.

Available in a range of colors

Some of our EPB calipers are colored to match the OE fitment: for example Tornado Red, Navy Blue, Grey and Black.
