

NEW TO RANGE

TRW ACTUATOR REPAIR KIT

TRW Electric Park Brake range and Actuator Repair Kit

A wide range of solutions including our pre-assembled Electric Park Brake Calipers and Actuator Repair Kits.

Better solutions for prompt, effective repairs

We're always trying to find new ways to make your job easier, and so we also offer our OE quality actuator as a standalone part. So if the actuator breaks down before the brake caliper, you don't have to replace the entire unit – saving you time and ensuring prompt repairs of vehicles.

TRW True Originals EPB range offers fast and accurate fitting for you

- Screw-fixed directly to the brake caliper housing – eliminating the need for hand brake lever and cables
- Gives you greater room to work inside the vehicle
- Prevention of issues related to mechanical wear or temperature
- Improved brake power in all conditions
- Available for a wide range of vehicles – including prestige models
- Available in a range of colors: Tornado Red, Navy Blue, Grey and Black
- Actuator Repair Kit – We also offer actuator as a standalone part including two screws and O-Ring for quick and simple installation.

A wide range of options: EPB or Actuator Repair Kit

With 85% European parc coverage, TRW make the world's most popular brake calipers. The actuator, as an electrical component, is always subjected to extreme wear and tear and can therefore fail before the caliper. Our Actuator Repair Kit is the right solution for you to simplify repair of electric park brakes in a cost-effective way.

We offer you both. EPB as a pre-assembled unit consisting of caliper housing and actuator or our Actuator Repair Kit as a cost-efficient alternative for a quick repair.

Our entire Brake Caliper range is available both on paper and online – so, getting hold of the parts you need couldn't be easier. Find what you need quickly right now along with repair instructions for all products, at **trwaftermarket.com/en/catalogue**
