

## ***Power Steering Pumps***

### ***EV Series and PS Series***

Engineered to exclusive, industry-leading specifications, genuine TRW power steering pumps are equipped to provide necessary flow and pressure for optimized steering performance with TRW steering systems. The EV Series' pressure rating meets the demands of any North American steering system and its compact design fits a majority of high-volume applications. PS Series power steering pumps feature expanded displacement options for severe duty applications requiring greater flow demand. Plus, they remain the only commercial pumps offering six inlet/outlet hose-mounting options and a mounting flange with 90° increment orientation — providing increased versatility of applications and fewer pump fittings.

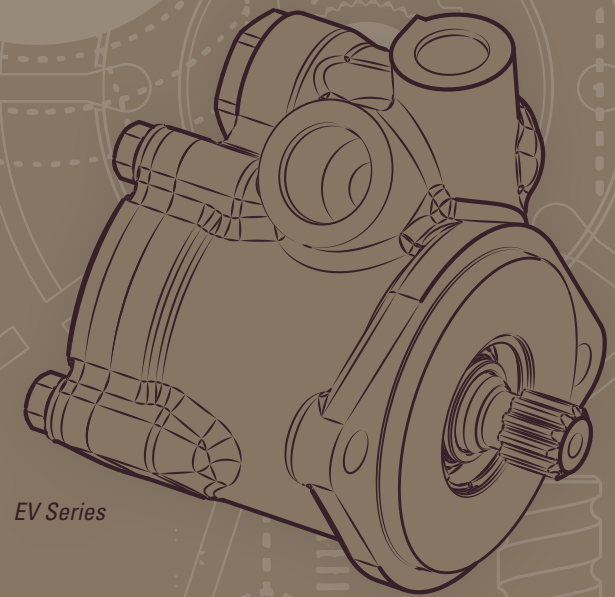

- » **Lightweight premium aluminum housing**
- » **SAE or metric port combinations provide options to fit many applications**
- » **Clockwise or counterclockwise rotation design to mate with many engines**
- » **Flow control and pressure relief improves performance and increases system life**

#### **EV Series**

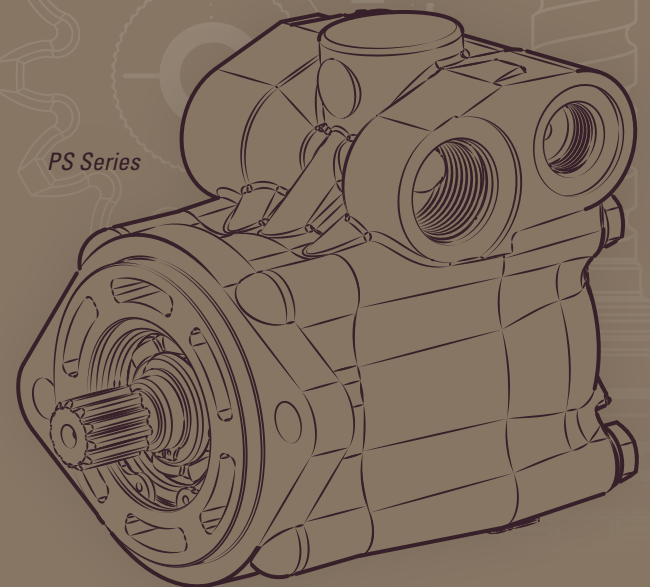

- › *Pressure ratings to meet the demands of any North American steering system*
- › *Durable, lightweight housing*
- › *Fits most high-volume applications*

#### **PS Series**

- › *Large range of displacements, from 15 to 36 cc/rev*
- › *Durable shaft bearing system to handle gear-driven applications*
- › *Mounting flanges available for SAE A or B and special mounts*

*EV Series*

*PS Series*

**Drive with quality. Drive with reliability. Drive with TRW.**

TRW understands a heavy duty vehicle only runs as smoothly as its key components. That's why genuine TRW Heavy Duty Aftermarket products are engineered for optimal performance, designed to fit precisely and proven to operate with OEM systems. Plus, each product comes with ongoing support backed by one of the most respected, trustworthy names in the industry. The TRW Heavy Duty Aftermarket line offers a maximum return on your investment to keep your vehicle, and your business, on the road.
