

TRW – YOU CAN DEPEND ON US.

Off-road fans can find many more high-quality TRW products at your local specialist dealer.

Your TRW partner

FULL THROTTLE FUN

Clutch spring sets

- Reinforced clutch springs available as a complete set
- 10% higher contact pressure compared to the original part
- Effective protection from clutch slip

Competition clutch friction plates

- An intelligent mix of materials for a long useful life with the best friction properties
- High level of strength due to the amount of carbon in the lining material
- Stable pressure point and excellent controllability
- Low-loss transfer of even the highest start-up torques
- Low abrasion for a long service life
- Excellent thermal stability

TRW CLUTCHES: AWESOME OFF-ROAD TOO.

Clutch o-rings

- Precisely manufactured from high-quality steel
- Low abrasion for a long service life
- Stable pressure point
- Improved controllability

Clutch Friction Plates

- Precision friction discs with organic lining material
- Different lining mixtures orientated towards the original part's spec
- Improved transfer of force due to optimized dimensions

OFF-ROAD – ON-BUDGET

EC brake discs

- Hardened alloy steel for a long service life
- Can be combined with all off-road lining mixtures
- Attractive design and high-quality workmanship
- Perfect response and excellent controllability
- Extremely attractive pricing

ABE

EC BRAKE DISCS

EC brake linings

- Organic lining mixture for use on- and off-road
- Good useful life under dry conditions
- Soft response and good braking sensation
- Very attractive pricing

ABE

EC BRAKE LININGS

SI brake linings

- Pure sintered metal lining with long useful life
- High material strength for extreme conditions
- Very good durability even in sand and mud
- Particularly suitable for motocross, quad and ATV

ABE

SI BRAKE LININGS

RSI brake linings

- Professional racing linings made of sinter metal
- Direct response, very good controllability
- High thermal loading with good durability
- Exceptional performance for riding at the highest level

RSI BRAKE LININGS

Whether you're a professional or an amateur riding on-road or off-road, on the MX track or cross-country, TRW has just the right material for you. Experience perfect braking and gear-shifting in any country and in every situation. From budget EC components to world champion-endorsed RSI brake linings and competition clutch friction plates with carbon content.

TRW – For any ride and any rider.
